WHO KNOWS

Whether or Not Cyrus Kelley Was Shot by His Better Half.

Robert E. Nixon, an Adams county man, was at the Mayor's office after information today. He said that the rumor was current in his neighborhood that Mrs. Cyrus Kelley, who had moved to this city from Adams county, had shot her husband. The people wanted to know, and deputized Nixon to find out what he could, as he was coming here. No one here knows anything about Cyrus Kelley or his wife, or about them having any trouble. The Adams county goossips will have to work on their imaginations.

And May Soon Be Captured—Four Thousand Rebels Caught in a Trap but are Causing Some Trouble.

By Telegraph to THE TIMES.

Washington, April 25.—Gen. Otis telegraphs that Hale's brigade yesterday moved down the river to Calumpet, meeting heavy opposition. They took the enemy's intrenchments in the flank, driving them off with heavy loss. Hale's casualty was six killed and twelve wounded. Hale was joined by Wheaton and Calumpet invested. It will be taken today. Lawton reaches Norzagaray this evening and will be joined by a column from Bocaue. The enemy has a force of 4,000 south of Manila, making demonstrations daily, but cannot communicate with the northern army.

Hale's troops claim nearly two hundred dead natives, counted. A Spanish captain was found among the dead.

VALLEY, HAROLD, Editor and Manager.

A NOVEL PROCEEDING.

At Kenton, Hardin county, the other day, six hundred Democrats assembled in mass meeting and proceeded to read the Democrat and its editor, Daniel Flannigan, out of the Democratic party.

The offenses alleged against the paper and its editor are, that the paper has denounced adherents of the Chicago platform as "idiots, cranks and anarchists," and that the editor conspired with Republicans to keep the regular Democratic nominees off the ticket.

The meeting declared that the Democrat and Mr. Flannigan had a right to pursue such course as they saw fit, but emphatically insisted that no Democratic paper could oppose the party platform and connive at the defeat of regular nominees and yet assert itself to be a Democratic organ.

As The Times views the situation, the meeting was partly wrong and partly right.

It would seem that a paper has a right to combat a certain party doctrine and use such honorable arguments as it may command to have that doctrine altered or set aside. If the Kenton Democrat honestly believes that free silver is not the real faith of the Democracy, it would seem its clear duty to itself and the party to labor to have this declaration changed.

We may use, by way of illustration, the actions of those Republican papers that are now agitating the adoption of free trade. The Republican party has always stood for protection, but it may be brought to a different stand by the assumed altering of conditions, and it would scarcely be just to call the organs that advise a new position traitors.

So far as The Times is concerned individually, it believes the ancient and right faith of the Democracy is free silver; it holds, too, that up to the meeting of the St. Louis national convention the Republican party was almost solidly in favor of free silver. It is an incontrovertible fact that the St. Louis convention, with its declaration for the gold standard, marked the most notable change in form ever made by a great party in this country. Yet, notwithstanding this belief and this knowledge it is willing to admit that others have a regular, in order and good faith, to combat the present position of the Democratic party on free silver. Parties are not infallible and their creeds may change.

In admitting this The Times feels it need make no concession from its own conviction that free silver is the ancient and proper faith of the party, nor abatement from its hope that Bryan may be re-nominated.

The Hardin county Democrats were partly right when they expelled Flannigan and his paper for his indecent assaults upon the regular organization and his attempts to set up a new organization and defeat the rights of a party nomination. He showed conclusively there that he was not honest in his professions before, but that he is simply a political renegade, who would use any means to betray the party under whose banner he professed to serve.

If the Democracy of Hardin county are rid of him, they are well rid.

The Democrats of the Sixth ward have nominated Lawrence Nendorfer for alderman, to fill the vacancy caused by the resignation of Jackson Cropper. It is a splendid choice. Nendorfer is a fine young man and a hustler from 'way back. He ought by all means to be elected.

Spring work on the farm is reported unusually backward, but still the crop prospects are encouraging.

PACKED

Was the Grand Opera House
Yesterday Evening.

Prof. John Reynolds Amuses and
Entertains the Audience.

Got a Number of Good Subjects and
Had Them Busy Seeing Strange
Sights, Picking Cherries, etc.

Prof. Reynolds made his initial appearance at the Opera house last night to a large audience composed almost wholly of complimentaries.

The Professor is a polished gentleman an Englishman by birth and has a soft and pleasing voice. The house being filled there was more or less confusion and conversation that drowned the voice of the speaker who attempted to address the audience giving them some of his varied experience in effecting cures through his wonderful mesmeric powers. If any criticism can be made at all of the entertainment or suggestion offered it would be that the Professor speak louder as many persons were wholly unable to hear a word that was said last night.

Prof. Reynolds as do all hypnotists and other entertainers who ask for assistance from the audience had difficulty in securing subjects but Henry Kugelman having volunteered to go on the stage he was soon followed by "Dizzy" Harris, Mont Bybee, "Coon" Westphal Jr., and a number of other young men including a colored youth. Later Ed. Georgia and several other colored boys ascended the stage and the amusement began. The Professor soon dismissed several of the young men upon whom his powers had no effect while some eight persons remained. Then the fun was fast and furious. The boys were made to pick and eat fruit, to jump imaginary rivers, to "see snakes" and do various other things that were amusing to the audience that was kept in a roar of laughter. "Coon" Westphal appeared to be the best subject and it seemed an easy matter for Prof. Reynolds to cause him to think money was "hot" in his hands and \$20 gold pieces rapidly developed into molasses while in the boys pocket.

"Honey" Pyles volunteered to be a "horrible example" and started for the stage but he was called down on his "mad career" and turned back, the Professor declining to handle men of his character. He will remain all week and tonight should have a full house his entertainment being clean and refined and worthy of patronage. Prices 25 and 35 cents.

JOHN ROBINSON'S SHOW.

A Gorgeous, Sumptuous and Impressive Augmentation.

To speak of the merits of John Robinson's Great World's Exposition is merely "love's labor lost" with the people of this nation. There is not an amusement lover on the continent but that is fully cognizant of the fact that it is now, and has ever been the best among the best. Everybody does not know, however, that during its last winter's vacation the show has received an augmentation so vast and so important as to dwarf by comparison even its own great exhibition excellence. We allude to the grand, gorgeous and sublime biblical spectacle of "Solomon, his Temple and the Queen of Sheba," in which innumerable people find active participations, and which is replete in grand scenographic effect, typical reproduction of biblical passages and events, profuse in pageant and processional features, lavish in entrancing bulletins and terpsichorean diversions, and rich in trappings and appointments, requiring for its production the largest stage ever constructed, and conspicuously portraying such sacred events, scenes and incidents as the Judgment of Solomon, Arrival of the Queen of Sheba, the City of David, the Palace and Temple, Court of King Solomon's Temple, the Walls and Towers of Jerusalem, Solomon's Seven Hundred Wives, the Sacred Ark of the Covenant, the Great Ivory Throne, Procession of War Chariots, Slaves Bearing Incense, lovely Cresset Dancing Girls, martial and courtly Parades and exciting Chariot Races. This eminently moral, historical and mind-elevating spectacle will commend itself to every lover of the sacred and beautiful.

The Robinson Exposition, with its sublime, spectacular accession, is to exhibit in Portsmouth Monday, May first.

The following cases were assigned for hearing: Treasurer Scioto county against J. M. Wall, street assessment case, for trial Monday, May 1st. In the matter of Citizens Savings Bank assignment, for trial Monday, May 1st. John F. Brubart against T. M. Lynn for trial Wednesday, April 26th. State against David J. Lundy, adultery with Rhoda Lundy; for trial Thursday, May 11. Dog Eat Dog.

This morning Charles Rauch, the Gallia street butcher, received a basket of fresh bologna. He set the basket down on the floor, and was soon lost in the base ball columns of a Cincinnati daily. As he finished the last inning he looked around to see a stray dog making way with the last ring of sausage.

Spring Medicine.

We have prepared a Sarsaparilla which is prepared to cure. It is a powerful remedy and blood purifier. A spring languor that our Sarsaparilla will not cure you of would be news to us and we should be pleased to know of it.

We sell the Sarsaparilla under a guarantee; we know it will cure you and then a guarantee will cost us nothing. There is a demand for a good blood purifier that will economically take the place of the many high priced patent medicines on the market and we have studied it out and find our Sarsaparilla will do all that is claimed for it. The bottle contains a full pint, (nearly twice as much as any other) of medicine. Any person suffering from that tired feeling needs a good Sarsaparilla, and should secure a bottle of ours at once. If you are not improved we will refund the money paid us. Price per bottle 75c.

TWO DAYS

That Spanish Gun Will Be
on Exhibition Here.

ARRIVED LAST NIGHT

And Can Be Seen on the Car at the
C. P. & V. Freight Depot.

A Number of Shop Men Are Guarding
the Gun to Prevent Relic Hunters
from Taking Pieces of It.

A wicked-looking gun, which but a few short months ago frowned defiance from the decks of one of Spain's finest cruisers, the Almirante Oquendo, is in Portsmouth today.

Its days of usefulness as a fighting machine are over. It belched forth defiance for the last time on a bright Sunday morning in last July, and then, when the Oquendo drifted to shore, a helpless wreck, and the Spanish flag was lowered, became the property of the American government.

The gun is of foreign make and could not be used by our government and so has been "farmed out" to the city of Cincinnati as a trophy of the late war. It will grace some dusty street corner in the Queen City in the days to come. Small boys will climb over it and birds will build their nests in the rifled muzzle. Truly, it is a case of "how have the mighty fallen?"

The gun arrived here last night at five minutes after eleven o'clock. It was promptly transferred to the C. P. & V. and switched onto a side track near the freight depot. A number of local people and some Cincinnati newspaper men who had come up to sketch the gun, were at the station to receive it.

There had been talk of having Company H boys guard the gun while here, but nothing came of it, and Master Mechanic Homer detailed some shop men to stand guard over the "trophy." They were on duty all day. Some had canes and some did not, but there was small use for either. The people flocked out in great numbers to see the gun. They inspected it carefully from all sides and many were the comments made.

The gun on the breach has the following: "Astilleros del Nervion-Bilboa, 1895, No. 5." It is over 13 feet long, has a 5 1/2 inch bore and is rifled. It weighs about 14 tons and from appearances is in good condition. It is loaded on N. & W. flat car No. 30,070.

The gun will be kept here until Wednesday evening at 7 o'clock, when it will be attached to local freight No. 46. This train is due in Cincinnati at 5 a. m., Thursday morning. A reception committee from Cincinnati will come up in President Hunt's private car and will escort the gun.

There was talk this morning of getting up a demonstration of some sort for Wednesday morning, but the wet weather took all the enthusiasm out of our people.

ROUT THE ENEMY

What the Americans Will Endeavor to Do.

THEY MOVE ON FILIPINO CAPITAL

General MacArthur's Brigade Pushing Straight Forward From Malolos, While Lawton's Flying Column Sweeps Far Around to Cut Off Insurgent Forces' Accessible Retreat to the Interior.

Washington, April 25.—General Otis has inaugurated a most important movement, according to information received by officials of the war department.

The objective point is the insurgent town of Calumpit, about 8 miles northwest of Malolos. It was here that the insurgents concentrated after being driven out of their capital, setting up a new capital and making it the base of their operations. Moving on the stronghold, General Otis proposes to conduct two distinct operations. The first one, under Major General MacArthur, has for its purpose pushing straight forward from Malolos along the railroad and striking at Calumpit from the south. The second one is under Major General Lawton, who, with his flying column, is moving far around to the northeast, to the large town of Norzgay, from which point he will turn abruptly west toward Calumpit. This last move will take about 10 days, and military strategists look upon it as another effort to flank the insurgents by getting behind them at Calumpit, similar to the flank movement which General MacArthur attempted to execute at Malabon.

This double operation makes Calumpit the center for the next ten days, while attention will be divided between MacArthur's column advancing from Malolos and Lawton's column on its ten days' march by Norzgay. MacArthur has only a short distance to traverse, so that his forces may be engaged with the main force of the insurgents within the next few hours. The country is open and rather better for our troops than that lying south of Malolos. Calumpit lies on the left bank of a small stream, at its confluence with the large river Rio Grande. It is a substantially built town, with some 2,000 houses.

The advance of General Lawton by a circuitous route will be over a country of which little is known here. Norzgay is a considerable town, and it is thought General Lawton is there by this time. A road runs all the way from there to Calumpit. Along it is scattered many small towns, indicating that the advance is through a populous country. It is an agricultural locality, with extensive rice and fruit plantations.

As to Philippine Posts.
Washington, April 25.—General Merritt has been in consultation with Secretary Alger and Adjutant General Corbin regarding the forts and posts in his department. The withdrawal of troops for service in the Philippines will leave some of these posts without garrisons of any number. It has been suggested that the posts on the northern border might be abandoned, and the decision has been reached not to attempt to keep them up as posts. They will be placed in charge of some invalided officers and a very small force, sufficient to take care of them.

Progress of the March.
Manila, April 25.—Although the sticky condition of the ground, due to a rainstorm, seriously impeded its progress, General Lawton's column left San Jose for Norzgay. Colonel Sumner is marching across from Boca Vista with two battalions. In the meantime General MacArthur's division is in front of Calumpit preparing to attack the Filipino stronghold, and General Hale, with several guns, is threatening the enemy's flank.

Crocker Excluded.
New York, April 25.—The session of the Mazet investigating committee was entirely devoted to probing the various benevolent and other societies which are supported solely by members of the police force. Witnesses failed to give any confirmation to the implied allegation of legislative corruption. Mr. Crocker was not called as a witness, and on his promise to return to this country was excused from further attendance on the Mazet committee until Aug. 29. Mr. Crocker will sail for England on Wednesday.

Dynamite on the Track.
St. Joseph, Mo., April 25.—Two attempts were made to destroy Burlington trains with dynamite near Nodaway, a small station between St. Joseph and the Iowa line. Sticks of dynamite were laid on the track, and the Denver flyer was given a shock that broke all the windows in the coaches. The Omaha express had a similar but more severe shock ten minutes later. Burlington officials believe that the work was done by vandals.

Steamer Founders.
Hamilton, Bermuda, April 25.—The steamer Murcia, belonging to the English-American Shipping company (limited) of London, which left Huelva, Spain, April 8, bound for Philadelphia, ran ashore while entering the channel and foundered. All on board the steamer were saved. She had on board a cargo of iron ore and was in charge of a native pilot.

Fraudulent Stamps.
Nashville, April 25.—Revenue agents in this district have captured 125,000 cigars bearing bogus revenue stamps, and are on the trail of more. In Memphis 91,500 of the fraudulently stamped cigars have been seized, and a batch of 14,000 was found in this city.

COUNTERFEIT PLOT.

Prominent Men Charged With Complicity, and Placed Under Arrest.

Philadelphia, April 25.—Secret service officers arrested Ellery P. Ingham, ex-United States district attorney, of this city, and Samuel B. Downey, deputy internal revenue collector, of Lancaster, Pa., on the charge of aiding the counterfeiters in their efforts to flood the country with fraudulent internal revenue stamps and treasury notes.

The arrest of Ingham created a great sensation on account of his prominence and former connection with the government as United States attorney for the Eastern district of Pennsylvania.

The ex-district attorney was immediately taken before Commissioner Edmunds and formally charged with conspiring with Harvey Newitt, his law partner, "to promise, offer and give the sum of \$5,000 in monthly payments of \$500 each" to William J. McManus of Philadelphia, secret officer who was working up the case against the five men charged with counterfeiting revenue stamps and the \$100 silver certificates. Ingham waived a hearing and was held in \$10,000 bail for a further hearing. Newitt's hearing was changed so that both men can be arraigned together.

An Alleged Informer.
Lancaster, Pa., April 25.—Samuel B. Downey, deputy internal revenue collector here, was arrested by Captain Burns of the secret service, who came here with Chief Wilkie from Philadelphia. Downey is charged with informing Jacobus and Kendig, the cigar manufacturers arrested for counterfeiting, of the fact that Secret Agent Burns was after them.

Outlaw Escaped.
Cumberland, Md., April 25.—James Beatty, a farmer and one of the posse which had been organized to capture Clendenning Pennell, wanted for robbery and other crimes, has been shot and killed by the desperado at Barnes gap. The posse had surrounded a barn in which Pennell had taken refuge. The latter rushed out, and as he ran fired into the posse. The other members of the posse were panic-stricken at the death of their comrade, and Pennell escaped.

Major Lee's Plan.
Washington, April 25.—Major Lee, who has represented Major General Miles before the War department, made his closing address to the court. He presented a long argument, which reviewed the causes that led to the beef investigation, analyzed the mass of testimony adduced, and closed by claiming that the charges with regard to the quality of the beef supply had been abundantly sustained.

Will Not Unite.
Philadelphia, April 25.—The Daughters of the Revolution and the Daughters of the American Revolution will not unite, and their differences will not be healed by amalgamation. The annual meeting of the general society of the Daughters of the Revolution began here, and one of the most important matters transacted was the ratification by the major organization of the "no coalition" resolution.

Blushes For His State.
Philadelphia, April 25.—The Baptist ministers of this city at their weekly meeting adopted resolutions condemning the burning at the stake in Newnan, Ga., of the negro murderer, Sam Hose. The resolution was introduced by Rev. Kerr Boyce Tupper, who, in offering it, said he did so as "one who was born in Georgia, but who blushes for his state."

Fish Ration For Troops.
Washington, April 25.—The commissary department of the army has been authorized to issue to such soldiers as desire it an equal value of fish in lieu of the beef ration now issued. The restriction regarding the use of fish when beef can not be obtained is removed. Ham or other articles of sale in equal money value to the beef may be issued.

ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obstinate Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be balanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return."—Swift's Specific—

S. S. S. FOR THE BLOOD

—Is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetters, Pimples, Sores, Ulcers, etc. Insist upon S. S. S.; nothing can take its place. Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

GREAT SHOW

J. W. Kilgore and Barber Bros.
Will Give This Week.

Have a Fine Set of Performers and
Will Give the Best Performance for
the Money Ever Seen Here.

A brilliant one ring show, comprising a troupe of autoeratic champions whose supremacy as artists none can dispute. None but choice acceptable features ever presented under our canvas. It is strictly a show of the people, not a pretentious exhibition advertising much and displaying little, but giving dollar for dollar in amusements in return for the people's money, offering an endless array of artistic acts and exploits. It will be introduced by the best troupe of lady and gentlemen acrobats, gymnasts, equilibristas, jugglers, leapers, tumblers, vaulters, posturers, clowns, vocalists and high wire performers, male and female gymnasts and acrobats in friendly rivalry for supremacy. Don't fail to bring the children, for in making up our aggregation we have not forgotten our warmest, genuine, ever faithful friends—the girls and boys, and for their delight we have organized and will present at each performance, in connection with multitudinous marvels, a series of wonder moving, mirthful and intensely interesting trained animal exhibitions. Among these we introduce in this city Prof. Locke's celebrated troupe of trained dogs and ponies, which includes Snow, the white beauty; Sandy, the equine wonder; Climax, the spotted cyclone that understands the English language, and the children's friend; Sultan, the smallest and best trained stallion in America.

All for the one admission. Children, 10 cents; adults, 20 cents. Don't fail to come and spend one afternoon of pleasure with us. Remember the dates, April 27, 28 and 29. Something you will not see. No games of chance or swindling schemes of any kind will be allowed on the grounds.

We will tell you what will cure the worst kind of a case of bacchoche that is caused from the kidneys. We will not only tell you, but will refer you to people in all walks of life in the city of Portsmouth who have used Kid-ne-oide with the best results. We ask you to read this statement from Mr. E. J. Phillips, 162 East Front street, who says:— "I suffered for about six months with lumbago and was so bad I could not work. The pains at times would extend all the way around my back and through my loins; my entire nervous system seemed to be completely run down.

When I saw Morrow's Kid-ne-oide advertised I decided to try some; I secured them at Fisher & Streich's drug store and took them according to the directions and was cured in a remarkably short time. I can recommend Morrow's Kid-ne-oide."

Morrow's Kid-ne-oide are not pills, but yellow tablets and cure all kidney disorders, nervousness, sleeplessness and general debility. They are put up in wooden boxes which contain enough for about two week's treatment and sell at fifty cents a box at Fisher & Streich's drug store. Dr. Bull's Cough Syrup invariably cures promptly all catarrhal affections. This wonderful medicine performs today, and has performed in the past half century, the speediest cures of colds in throat, chest and lungs. 13

The magnificence of the scenic spectacle of Solomon and the Queen of Sheba, as produced in John Robinson's circus, leaves an impression of grandness not easily obliterated.

CIVILIZED CATARRH

Catarrh is civilized. It thrives in America. It penetrates every organ of the body.

It is called by a thousand names. Read the letter printed here from Mrs. M. E. Bland, Hartwell, Ga.

Pe-ru-na Medicine Co., Columbus, O.

DEAR SIR:—"I trust no one will think from this that I would wish my name in public for any cause only to let sufferers know where they may find relief from many pains. I can truly say I have been much benefited by the use of Pe-ru-na. I feel better than I have for years. I have suffered for years of chronic catarrh, bronchitis, asthma and female trouble, of which I have been much helped by Pe-ru-na. I know the virtue of Pe-ru-na. If for no other reason it would pay to keep it for colds. It keeps off colds, it prevents gripple, and builds up the nerves. I gladly recommend it to all as the cheapest and best medicine."

Mrs. Bland suffered from diseased membranes; nearly every organ of the body was affected. Pe-ru-na cured her by making the membranes healthy. Dr. Hartman's books on catarrhal diseases are easily understood and scientifically exact. Write for them. Special book for women. These books are free. Dr. Hartman will prescribe for fifty thousand women this year free of charge.
